MIMA NONOKA'S RARE CAR FILES

Kawasaki released this motorcycle in 1969.
As you might have figured,
this is Clea's main ride~♪
This motorcycle has a 2 stroke 3 cylinder engine,
and manages to extract 60 horsepower out of 500cc!!
Compared to our own little Sambar with its 18 hp 360cc engine,
that's quite a lot ♪
But the speed limit on Kamome Island
is only 30km/h,
so we all have to take it slow.
This fits Clea pretty well though~♥

Clea named her motorcycle "Jonathan".
Kinda fits the seagull (kamome) theme pretty well,
doesn't it?

1. Kamome means seagull.

2. In older times, snacks were restricted to a certain value in school trip lunches so kids didn't bring candy or other overly expensive and generally unhealthy stuff.
